**South Capitol Street Corridor Project - Weekly Closures
November 15 through November 22, 2021**

(Washington, D.C.) – The District Department of Transportation (DDOT) will temporarily close roadways, lanes, ramps, and shoulders on the following corridors to perform construction activities along I-295 / DC 295 and nearby local roads. These closures are contingent on suitable weather, field conditions, and/or adjacent construction activities. Daily closures will take place between 9:30 a.m. and 3:30 p.m. Nightly closures will take place between 9:00 p.m. and 5:00 a.m. the following day (unless otherwise stated below).

Single left or right lane closures will occur anytime daily and nightly on northbound and southbound I-295 between Exit 1 (Laboratory Road / US Naval Research Lab) and I-695. No lane closures will occur during the AM or PM weekday peak periods. Double left or right lane closures will occur nightly, starting at 9:00 p.m., until the following morning.

Single left or right lane closures will occur daily and nightly in both directions on South Capitol Street SE/SW between Firth Sterling Avenue SE and N Street SE. Northbound single lane closures will begin at 9:30 a.m. weekdays, extending to 5:00 a.m. the following morning, and during the weekend from 7:00 a.m. to 3:30 p.m. Southbound single lane closures will take place during off-peak hours.

Single left or right lane closures will occur daily and nightly in both directions Suitland Parkway SE between the Martin Luther King, Jr. Avenue SE overpass and South Capitol Street SE. These single lane closures along these roadways will take place during off-peak hours. Double left or right lane closures will only occur nightly, starting at 9:00 p.m., until the following morning.

No other closures on South Capitol Street SE/SW or Suitland Parkway SE will take place on weekdays between 5:30 a.m. and 9:30 a.m. and between 3:30 p.m. and 9:00 p.m.

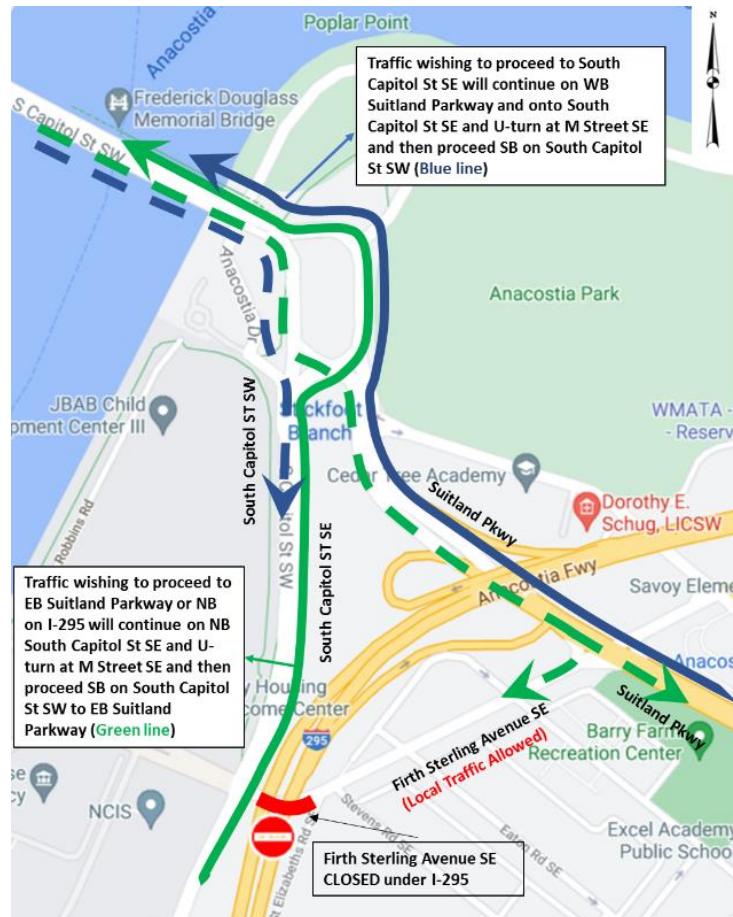

Daily and nightly single lane closures will also occur anytime during off-peak hours on Firth Sterling Avenue SE, and Howard Road SE. Daily and nightly single lane closures will also occur anytime on Potomac Avenue SE/SW, Half Street SW, Barry Road SE, St. Elizabeths Avenue SE, R St. SW and Malcolm X Avenue SE.

The following full ramp closures will also occur during off-peak hours:

- Exit 4 from I-295 Northbound (South Capitol Street / Suitland Parkway)
- Exit 4 from I-295 Southbound (South Capitol Street / Suitland Parkway)
- I-295 Northbound On-ramp from northbound Firth Sterling Avenue SE

Firth Sterling Avenue SE between South Capitol Street SE and St Elizabeths Street SE will be closed nights between 9:00 p.m. and 5:00 a.m. the following morning from Monday, November 15 through Wednesday, November 17 for bridge construction. When Firth Sterling Avenue SE is fully closed, Suitland Parkway SE and South Capitol Street SE will remain open to all traffic. A marked detour will be in place during these closures.

Firth Sterling Avenue SE Closure & Detour

Eastbound Suitland Parkway between South Capitol Street SE and Firth Sterling Avenue SE will have intermittent 15-minute stoppages at the intersection with the ramp from I-295 Northbound on Monday night, November 15 and Tuesday night, November 16 between 9:00 p.m. and 5:00 a.m. Eastbound Suitland Parkway will be closed Thursday night, November 18 between 9:00 p.m. and 5:00 a.m. the following morning between South Capitol Street and Firth Sterling Avenue SE. Exit 4A from I-295 Southbound to Eastbound Suitland Parkway will also be closed during this time on Thursday night.

Westbound Suitland Parkway will be closed Tuesday night, November 16 between 9:00 p.m. and 5:00 a.m., and on Friday night, November 19 between 6:00 p.m. and 5:00 a.m. between Firth Sterling Avenue SE and South Capitol Street. These closures will include the restriction of left turns from Exit 4 from I-295 Northbound to Suitland Parkway and South Capitol Street SE.

Both directions of Suitland Parkway will be closed during the day on Saturday, November 20 and Sunday, November 21 between 5:00 a.m. and 9:00 p.m.

When either direction of Suitland Parkway is fully closed, no lane closures will be in place on Firth Sterling Avenue SE, South Capitol Street SE, and Howard Road SE. A marked detour will be in place during these closures.

Suitland Parkway Closure & Detour

These closures are required for construction activities associated with the following DDOT project:

South Capitol Street Corridor Project - Frederick Douglass Memorial Bridge

The South Capitol Street Corridor Project calls for replacing the Frederick Douglass Memorial Bridge and transforming related sections of the urban freeway into a beautiful scenic boulevard that increases pedestrian and vehicular safety, improves multimodal transportation options, increases community accessibility, and supports economic development on both sides of the Anacostia River.

Traffic controls will be in place to guide all users of the roadway through the work zones safely. Motorists should expect delays due to the lane closures and are advised to stay alert and be observant of signage and road work crews while traveling in this area.
