South Capitol Street Corridor Project - Weekly Closures December 6 through December 13, 2021

(Washington, D.C.) – The District Department of Transportation (DDOT) will temporarily close roadways, lanes, ramps, and shoulders on the following corridors to perform construction activities along I-295 / DC 295 and nearby local roads. These closures are contingent on suitable weather, field conditions, and/or adjacent construction activities. Daily closures will take place between 9:30 a.m. and 3:30 p.m. Nightly closures will take place between 9:00 p.m. and 5:00 a.m. the following day (unless otherwise stated below).

Single left or right lane closures will occur anytime daily and nightly on northbound and southbound I-295 between Exit 1 (Laboratory Road / US Naval Research Lab) and I-695. On northbound I-295 there will be no closures during the weekday AM peak period, and on southbound I-295 there will be no closures during the PM weekday peak period. Double left or right lane closures will occur nightly, starting at 9:00 p.m., until the following morning.

Single left or right lane closures will occur daily and nightly in both directions on South Capitol Street SE/SW between Firth Sterling Avenue SE and N Street SE. Single lane closures will take place during weekday off-peak hours, and during the weekend from 7:00 a.m. to 3:30 p.m.

Single left or right lane closures will occur daily and nightly in both directions Suitland Parkway SE between the Martin Luther King, Jr. Avenue SE overpass and South Capitol Street SE. These single lane closures along these roadways will take place during off-peak hours. Double left or right lane closures will only occur nightly, starting at 9:00 p.m., until the following morning.

No other closures on South Capitol Street SE/SW or Suitland Parkway SE will take place on weekdays

between 5:00 a.m. and 9:30 a.m. and between 3:30 p.m. and 9:00 p.m.

Daily and nightly single lane closures will also occur anytime during off-peak hours on Firth Sterling Avenue SE, and Howard Road SE. Daily and nightly single lane closures will also occur anytime on Potomac Avenue SE/SW, Half Street SW, Barry Road SE, St. Elizabeths Avenue SE, R St. SW and Malcolm X Avenue SE.

The following full ramp closures will also occur during off-peak hours:

- Exit 4 from I-295 Northbound (South Capitol Street / Suitland Parkway)
- Exit 4 from I-295 Southbound (South Capitol Street / Suitland Parkway)
- I-295 Northbound On-ramp from northbound Firth Sterling Avenue SE

Suitland Parkway between South Capitol Street SE and Firth Sterling Avenue SE will be closed nights between 9:00 p.m. and 5:00 a.m. the following morning on Monday, December 6 and Tuesday, December 7 for bridge construction. When Suitland Parkway is fully closed, Firth Sterling Avenue SE, South Capitol Street SE, and Howard Road SE will remain open to all traffic. A marked detour will be in place during these closures.

Suitland Parkway Full Closure & Detour

Howard Road SE between the WMATA Parking garage and Firth Sterling Avenue SE will be closed from 9:00 p.m. to 5:00 am the following morning on December 8 and December 9, 2021 for bridge construction. Pedestrian access will be continuously maintained. Access to and from the WMATA Parking Garage will be continuously maintained. When Howard Road SE is fully closed, Suitland Parkway SE will remain open to all traffic. A marked detour will be in place during these closures.

Howard Road SE Closure & Detour

Eastbound Suitland Parkway between Firth Sterling Avenue SE and MLK Jr Avenue SE will be closed from 3:00 a.m. to 11.00 a.m. on December 11, 2021 for re-construction. A marked detour will be in place during these closures.

Eastbound Suitland Parkway Closure & Detour

These closures are required for construction activities associated with the following DDOT projects:

South Capitol Street Corridor Project - Frederick Douglass Memorial Bridge

The South Capitol Street Corridor Project calls for replacing the Frederick Douglass Memorial Bridge and transforming related sections of the urban freeway into a beautiful scenic boulevard that increases pedestrian and vehicular safety, improves multimodal transportation options, increases community accessibility, and supports economic development on both sides of the Anacostia River.

Traffic controls will be in place to guide all users of the roadway through the work zones safely. Motorists should expect delays due to the lane closures and are advised to stay alert and be observant of signage and road work crews while traveling in this area.
